Friday 25th September 2020 Edition 44

## P1/2

"This week P1 were learning about our families. We read the book 'Monkey Puzzle' about a little monkey who was searching the jungle trying to find his family. We looked at photographs of our own families and realised that all of our families look a little bit different but they are all very special. During outdoor play this week, some of us used the outdoor painting easel, but instead of using brushes we had to gather some sticks and use them instead. It was great fun! In Numeracy, P1 learned all about number 1. They learned a rhyme to help us remember how to write it and we can show number 1 in lots of different ways. P2 have been learning about putting things in order using words like 'first', 'second', 'third' etc. It's been a great week and I hope you have a lovely weekend." Miss Best

## Reminders

-School dinners and clubs are now available to book online through our new SchoolMoney payment system. See website for how to log into SchoolMoney.

## P3/4

"This week P3/4 have been focusing on writing a plan to describe Mr Fox from our class novel. They will use this plan next week to write descriptively about Mr Fox. We have also been looking at common nouns and how we can add them to our writing. In numeracy the P4s have progressed to addition with exchange and got on brilliantly whilst the P3s have been focusing on place value and understanding the terms tens and units. Our topic focus this week, was on famous landmarks in London. We were lucky to have a tour of London with Barnaby Bear and were able to spot some of the landmarks. During art this week we have created houses for our topic display board using lollipop sticks, glue, paint and coloured cellophane for the background. Lots of messy hands and happy faces!" Miss Doyle

## P5

"This week we have been working on long addition and subtraction. For our mental maths, we have been revising our 6x tables with division facts, playing lots of board games. We finished looking at 2D shapes, sorting shapes into Carroll and Venn Diagrams. For Literacy, we planned and wrote a creative piece of writing for a madcap pursuit around Mullaglass Primary School! We focused on what an evacuee would pack in their suitcase as well as design a kid sized spitfire plane! We will hopefully have this finished and ready early next week." Mr Greenaway (4 days) /Mrs McKendry (1 day)

## P6/7

"P6/7 have taken part in a variety of lessons this week. We've been outdoors for some P.E. and circle time. Inside the classroom we've been revising ending punctuation and subtraction. With the anniversary of Roald Dahl's birthday this week, P6/7 have been working on a project based on the famous author's novel 'Charlie and the Chocolate Factory'. P6/7 have been employed by Willy Wonka to create a new sweet! They've been working hard in groups to plan, design, describe and showcase their new sweet. Check out the school website to see the photos of their magical creations." Mrs Weir

"It was great to be able to launch our new online payment system this week. I would encourage all parents to try and use this moving forward. Please try and have all payments complete by Sunday night of each week. Any problems, please don't panic and you can use the postbox next week for payments. If you need a little assistance, please visit the school website for a Parent User Guide. Well done to all the kids for another great week. Enjoy your weekend." Mr Greenaway (Principal)
